

Thinking About Harmony: Historical Perspectives on Analysis

Filesize: 1.88 MB

Reviews

Complete guideline! Its such a excellent read. This really is for all who statte there had not been a worth studying. It is extremely difficult to leave it before concluding, once you begin to read the book.

(Timothy Lynch)

THINKING ABOUT HARMONY: HISTORICAL PERSPECTIVES ON ANALYSIS

[DOWNLOAD](#)

Cambridge University Press. Paperback. Book Condition: New. Paperback. 342 pages. Dimensions: 9.5in. x 6.7in. x 0.9in. Focusing on music written in the period 1800-1850, *Thinking about Harmony* traces the responses of observant musicians to the music that was being created in their midst by composers including Beethoven, Schubert, and Chopin. It tells the story of how a separate branch of musical activity - music analysis - evolved out of the desire to make sense of the music, essential both to its enlightened performance and to its appreciation. The book integrates two distinct areas of musical inquiry - the history of music theory and music analysis - and the various notions that shape harmonic theory are put to the test through practical application, creating a unique and intriguing synthesis. Aided by an extensive compilation of carefully selected and clearly annotated music examples, readers can explore a panoramic projection of the eras analytical responses to harmony, thereby developing a more intimate rapport with the period. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
