

## Bebes (Hardback)

By Deborah Heiligman

C. D. Stampley Enterprises, United States, 2005. Hardback. Book Condition: New. Laura Freeman (illustrator). En Espanol ed.. 279 x 232 mm. Language: English,Spanish . Brand New Book. How fast do babies grow? What do they eat? And how do we take care of them? Kids learn the answers to these intriguing questions and more as they observe a baby's antics through the eyes of an older sister. Lively text and kid-friendly art introduce the science of human growth and development, and explain that newborns see only in black and white, can taste sweet, bitter and sour, like to imitate and can even learn from playing peekaboo. Originally published in English by National Geographic as *Babies*, a volume in the acclaimed *Jump into Science* series, *Bebes* will engage and inspire readers aged 4-8. Readers will also want to look for other titles in the *Descubre la ciencia* series, published by Stampley in association with National Geographic.
