John Wiley Sons Inc, United States, 2004. CD-ROM. Condition: New. Language: English . Brand New. Imagine that it s the 1950s, and you are in charge of developing the U. S. interstate system. There are countless roads already in use. The system can go in numerous different directions. Where do you begin? Starting to transform your business with SAP NetWeaver is that daunting. NetWeaver is both an application platform and an integration platform. It integrates your current IT systems to enable portals, collaboration, data management, and development environments. To grasp the complexities and possibilities of SAP ASAP, dig in with SAP NetWeaver For Dummies and explore: MySAP Business Suite; SAP Enterprise Planning Resource (ERP), Customer Relationship Management (CRM), Supply Chain Management (SCM), Human Capital Management (HCM), Product Lifecycle Management (PLM), Supplier Relationship Management (SRM), and more; Mobile Infrastructure that performs like a universal translator for mobile interfaces, including laptops, wireless phones, and PDAs; Master Data Management, including using the content consolidation technique to clean up data, master data harmonization to distribute it, and central master data management to maintain a data repository; and Web Application Service and NetWeaver Developer Studio-tools that let you integrate and create your own customized applications. Written by Dan Woods, former CTO of The and CapitalThinking, and Jeffrey Word, the Director of Technology Strategy for SAP, this guide features real-life stories from businesses and examples of typical uses to help you cut through the complexities and get up and running. It includes a CD-ROM with: detailed white papers and product overviews; stories from customers using SAP NetWeaver today; and demos that show SAP NetWeaver in action. A directory of resources for additional information like that interstate system, SAP NetWeaver doesn t have to be integrated all at once. You choose the applications that have the most potential...
