*A brand new electronic book with a new standpoint. It is written in basic phrases rather than confusing. It's been designed in an extremely basic way which is merely right after I finished reading through this publication where basically altered me, change the way I believe.*

Best Novel 2015 - Dark Musings Awards When someone you love dies, are they gone forever? Meet the Ghosters, and the desperate people who hire them. In our modern world, only Ghosters know what comes after death. What stays behind. And what dwells between. Ghosters are a small, loosely-connected group of individuals who travel the highways of America curing people of their hauntings. For as much money as they can negotiate from each client. They are legitimate. But they are not nice. Here are the known Ghosters: Stan Costello. Works with Bud Hardy. Their specialty is buying and selling bottled ghosts. For the right price, they ll bottle a fresh ghost. Clay (last name unknown). Homely. Cold. All the food he eats tastes like mud. The apparent leader of the Ghosters. Handles the more frightening cases. Tilda Clem. Six foot seven. Never fit in anywhere. Somewhat sympathetic to the people she takes on. But not much. Patrick Kelly. Tall Irishman with an onion-shaped head. Along with Stan and Bud, maybe the most human of the Ghosters. Will never say a bad word about anyone. But a lot of blood on his big hands. Matt (last name unknown). Young African-American traveling with Patrick as an apprentice, to see if he ll fit in with the group. He has the talent. But does he have the stomach? Imagine a building where only the top two floors are haunted (and the bottom two floors are a thriving shopping mall); a haunted doll house inside an otherwise unpossessed home; family estates that are hundreds of houses long, each new house attached to the front of the previous one,...
