

## Harness the Sun: America's Quest for a Solar-Powered Future (Hardback)

---

By Philip Warburg

Beacon Press, United States, 2015. Hardback. Book Condition: New. 236 x 160 mm. Language: English . Brand New Book. Going from the inner city to the open desert, a seasoned environmental advocate looks at solar energy's remarkable ascent and its promise for America's future. Solar power was once the domain of futurists and environmentally minded suburbanites. Today it is part of mainstream America. Scan the skyline of downtown neighborhoods, check out the rooftop of the nearest Walmart, and take a close look at your local sports arena. Chances are you'll find solar panels in those and many other unexpected places. In *Harness the Sun*, Philip Warburg takes readers on a far-flung journey that explores America's solar revolution. Beginning with his solar-powered home in New England, he introduces readers to the pioneers who are spearheading our move toward a clean energy economy. We meet the CEOs who are propelling solar power to prominence and the intrepid construction workers who scale our rooftops installing panels. We encounter the engineers who are building giant utility-scale projects in prime solar states like Nevada, Arizona, and California, and the biologists who make sure wildlife is protected at those sites. Warburg shows...
